Secure your load Gold finish for easy handling and cleanliness Cut to any length

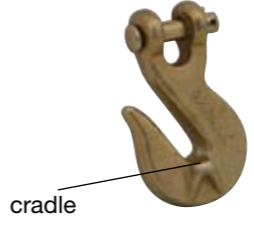

GRADE 70 TRANSPORT CHAIN & FITTINGS

These popular Grade 70 chain systems comply with New Zealand legislation and are widely used for securing non-fragile goods. They're available in various link sizes with attachments that are generally made in the same sizes as the chain itself.

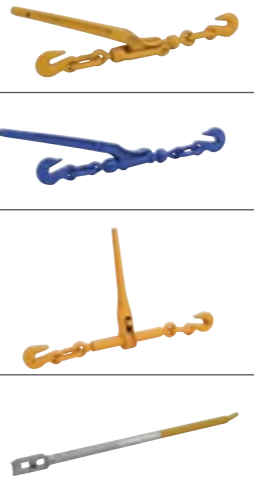

GRADE 70 TRANSPORT CHAIN (a) (b)

	Part Number	Description	Size	Min. breaking strength (b)	Lashing capacity (b)
	7101	Grade 70 transport chain with golden finish for easy handling and cleanliness. Cut into any length you require.	7.3mm	6,000 kg	3,000 kg
	7102		8mm	8,000 kg	4,000 kg
	7103		10mm	12,000 kg	6,000 kg
	7104		13mm	18,000 kg	9,000 kg

GRADE 70 CHAIN ATTACHMENTS

	Part Number	Description	Size
	7200	'Standard' traditional style grab hook	6mm
	7194 7195	'Cradle' type grab hook with little wings which hold the chain more effectively.	8mm 10mm
	7203	'Standard' traditional style grab hook.	13mm
	7204 7205	Claw type fitting that holds the chain with two 'claws'.	8mm 10mm
	7207 7208 7209	Sling hook with a wider opening throat. Ideal for when the chain needs to 'slip' through the hook.	8mm 10mm 13mm
	7210 7211	Lug link attachment. Ideal for situations when chain needs to be fed back through your chain attachment.	8mm 10mm
	7267 7268	Sling hook with a tab latch.	8mm 10mm
	7212 7213	Mid-link connector for joining your chains together.	8mm 10mm

LOAD BINDERS (OR TWITCHES) (b)

	Part Number	Description	Size
	7501 7502	Grab hook lever twitch with 'standard' and 'cradle' type hook options (b). These are hooked onto the chain and levered over -centre to tighten the chain.	8-10mm standard hooks 10-13mm standard hooks 7.3-10mm cradle hooks 10mm cradle hooks
	7508 7509		
	7505 7506		
	7513	Twitch handle extension to give you more leverage and control with lever twitches.	

(a) Grade 70 product is not suitable for lifting – see the grade 80 product on page 135 for this.
(b) Subject to the current New Zealand Truck Loading Code regulations. The use of standard grab hooks reduces the load capacity by 25%.

Keeps load secure and avoids accidents

Gentler on the load than chains

Includes ratchet to tighten the load to your desired tension

WEBBING TIEDOWNS

This very popular lashing system is available in a wide range of sizes and styles. They're lighter, easier to store and simpler to use than chains.

2500 KG TIE DOWN RANGE – THE MOST COMMON TRUCKIES SIZE!

	Part Number	Description	Length (metres)
	7600 7605 7604 7603	Quality NZ made tiedown strap and ratchet. 50mm wide webbing. 2500kg.	9m 6m 7m 10m
	7601	NZ made tiedown, strap only. 2500kg.	9m
	7625	NZ made tiedown, ratchet only. 2500kg.	NA

	Part Number	Description	Length (metres)
	7602	Quality NZ made strap and ratchet with your choice of wording woven into the webbing. 2500kg.	Various to suit
	7606	Imported webbing tiedown strap and ratchet. 2500kg.	9m
	7620	Ratchet only with short webbing – ideal for lashing vehicles down. 2500kg.	Webbing approx 170mm
	7621	Strap only with eye & short webbing – ideal for lashing vehicles down. 2500kg.	2.3 metres
	7622	Short strap only with hook – ideal for lashing vehicles down. 2500kg.	1.8 metres

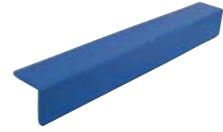

LIGHT COMMERCIAL WEBBING TIEDOWNS – FOR THOSE SMALLER LOADS

	Part Number	Description	Length (metres)	Lashing Capacity (kg)
	7624	35mm wide tiedown with heavy ratchet and hook & keeper ends.	5	1000 R.A.S
	7613	25mm 'Workmate' tiedown. Heavy ratchet, and hook & keeper ends.	5	500 R.A.S
	7614	25mm wide 'Mini' tiedown. Light ratchet, and 'S' hooks.	4	250 R.A.S
	7626	25mm wide tiedown Cam buckle & 'S' hooks. Ideal for motorbikes.	1.5	545 M.B.S

JUMBO SIZED WEBBING TIEDOWN

	Part Number	Description	Length (metres)	Lashing Capacity (kg)
	7619	Cut down on the number of tie downs you need. 75mm webbing tiedown with strap and ratchet.	9m	5000

**LASHING ACCESSORIES
CORNER PROTECTORS – SAVE YOUR LOAD FROM DAMAGE!**

	Part Number	Description	Length
	7300	Steel corner protector corner to suit lashing systems up to 50mm wide.	153mm
	7301	Steel corner protector to suit lashing systems up to 100mm wide.	195mm
	7303	Polyethylene corner protector.	1 metre

D RINGS – FOR A POINT TO ATTACH YOUR LASHING TO!

	Part Number	Description	Break strength (kg)
	7400	'D' Ring not recessed	5000 kg
	7401	'D' Ring recessed into mounting fitting	500kg
	7402	Ring recessed into mounting fitting	2000kg

CARGO BAR – TEMPORARY SUPPORT FOR GOODS BEING TRANSPORTED

	Part Number	Description	Extension length
	7290 7291	Extendable Cargo bar for ratcheting out against the sides of your vehicle to form a barrier.	1m – 1.8 metre 2m – 2.6 metre

Cut to any length

Save your time by having the correct lifting gear

Quality attachments as strong as the chain itself

LIFTING SYSTEMS

Using the right equipment when lifting is crucial and our gear will give you peace of mind.

GRADE 80 LIFTING CHAIN – KEEP SAFE AND COMPLIANT WHILE LIFTING!

	Part Number	Description	Chain size (mm)	Lifting Capacity (kg)
	7110 7111 7112	Grade 80 lifting chain, cut to any length you require.	8mm 10mm 13mm	2000 kg 3200 kg 5400 kg

GRADE 80 CHAIN ATTACHMENTS

	Part Number	Description	Size (mm)	Lifting Capacity (kg)
	7220 7221 7222	Grade 80 lifting grab hooks with a distinctive yellow coating.	8mm 10mm 13mm	2000 kg 3200 kg 5400 kg
	7250 7251 7252 7253	Grade 80 lifting hook with latch which holds closed when lifting.	6mm 7 – 8mm 10mm 13mm	1250 kg 2000 kg 3200 kg 5400 kg
	7256 7257 7258	Grade 80 lifting hook with tab type latch.	7 – 8mm 10mm 13mm	2000 kg 3200 kg 5400 kg

	Part Number	Description	Size (mm)	Lifting Capacity (kg)
	7215 7216 7217	Chain connectors – very handy for lifting or lashing systems as they can be dismantled into two halves. Marked with a WLL.	6mm 7- 8mm 10mm	1250 kg 2000 kg 3200 kg
	7260 7261 7262 7263	Master link for attaching one or more lifting legs.	8mm 10mm 13mm 16mm	2000 kg 3200 kg 5400 kg 8000 kg
	7241 7242 7243	Weld on hook, ideal for getting a lifting point on digger buckets. Includes a latch with positive locking.		2000 kg 5000 kg 10,000 kg
	7230 7232	Lifting eye for hooking into fittings fixed in concrete products.		1000kg-1300 kg 1500kg-2500 kg

DRUM LIFTERS – SHIFT YOUR DRUMS THE SAFE AND EASY WAY!

	Part Number	Description	Capacity (kg)
	7800	Chain Drum lifter with master link and chain to grab ends, which grip the drum as you lift.	1000 kg
	7801	Webbing Drum lifter with webbing straps to lift from, and strap to ratchet tight around drum.	600 kg

LIFTING SLINGS

Our coloured lifting slings are extremely light and easy to handle. They are much gentler on loads than chains and are colour coded so you can quickly identify which sling you need for a particular load. Strong and durable, these are made to use in any conditions so will tolerate extreme temperatures and being wet.

WEB SLINGS

	Part Number	Description	WLL (kg)	Length (metres)
	WS1-1.0	Web Sling with a padded eye at each end for protection of goods being lifted and longer sling life	1000 kg	1m
	WS1-2.0		1000 kg	2m
	WS1-3.0		1000 kg	3m
	WS2-1.0		2000 kg	1m
	WS2-2.0		2000 kg	2m
	WS2-2.5		2000 kg	2.5m
	WS2-3.0		2000 kg	3m
	WS2-4.0		2000 kg	4m
	WS3-1.0		3000 kg	1m
	WS3-2.0		3000 kg	2m
	WS3-3.0		3000 kg	3m
	WS3-4.0		3000 kg	4m
	WS3-5.0		3000 kg	5m
			Many other sizes available	

ROUND SLINGS

	Part Number	Description	WLL (kg)	Length (metres)
	RS1-1.0	Round Sling with a protective outer cover. You can change the point of contact with every lift to prolong the sling life.	1000 kg	1m
	RS1-1.5		1000 kg	1.5m
	RS2-2.0		2000 kg	2m
	RS2-3.0		2000 kg	3m
	RS3-2.0		3000 kg	2m
	RS3-3.0		3000 kg	3m
	RS3-4.0		3000 kg	4m
	RS4-2.0		4000 kg	2m
	RS4-3.0		4000 kg	3m
			Many other sizes available
